On 2/13/63 I again interviewed [redacted] furnished me additional correspondence which she had not previously shown me and initialed and dated these. These letters I identified as Exhibits 1-7 for 2/13/63. At this time she also furnished me a number of books on Scientology which I identified as Exhibits A through G. One of them consists of two pages from a magazine. During this visit I returned to her ABILITY, Issues number 140, 141, 144 and 145. In addition to the books, she furnished me additional issues of ABILITY for our review.

I returned again on 2/14/63 and returned to her photostats of her correspondence which I picked up during my first visit. She agreed that it would be better for us to retain the originals until after the Washington trial so that if [redacted] or anyone else tried to obtain them, they would be unable to do so. On 2/13/63 I told her I had interviewed [redacted] since my first visit and had [redacted]

[redacted] I obtained her affidavit re her dealings with Scientology in final form on 2/14/63.

When I returned on the 14th I gave her an itemized receipt for the books which I had borrowed on the 13th. At this time she furnished me with more copies of correspondence and she initialed and dated these. These are Exhibits 1 through 7 for February 14. On the 14th she gave me one more book, Exhibit 11; she told me that Hubbard issued instructions on what to say when any of his auditors were caught by hospital authorities during their contact with patients. This book is dated 1955 and is one of the first attempts to associate Scientology with religion. On pages 5 and 6 they recognize the necessity of medical doctors but claim that they are unable to treat psychosomatic medicine. On pages 6 and 7 are instructions on how to conduct themselves if they should be arrested.

It should be noted that in some of the issues which have been returned to her inasmuch as DRM apparently had these issues there was some very interesting material. In Issue 142 on pages 12 and 14 under the title URGENT, Healing Promotion by L. Ron Hubbard, he describes how they practice healing, and suggested methods of evading the laws with regards to engaging in healing practices.

Issue 144 on page 6 describes a number of crises and that the U. S. crisis was caused by the irate parents of a student urging FDA to seize all E-Meters.

Page 16 speaks of treating "patients". On page 18 it points that the only legal compliance with California laws governing psychology are through "ministers of the Church of Scientology". I also note that ten percent of gross income from auditing is supposed to be sent to the central agency.

During my visit to [redacted] on February 13, she clarified several points on which I had been in doubt from listening to her rather involved story of her troubles.
